

Pricing Information

Course fees

For organisations with an annual income **greater than £5m** (including local authorities, and commercial organisations), course fees are as follows:

Course type	Face-to-face courses (excl. VAT)	Online courses (excl. VAT)
5-Day (Intensive)	£750.00	Not available online yet
2-Day	£300.00	£150.00
1-Day	£150.00	£75.00

Organisations with an annual income **less than £5m** do not pay course fees. These organisations can apply for a bursary to help with subsistence costs (travel, accommodation, and food) if they are attending a face-to-face intensive course.

Bursary structure

Bursary applications are reviewed on a weekly basis. A bursary will only be available for a maximum of three places per rescue, per course, and a maximum of six places in any one calendar year. If an organisation has used its bursary allocation for a calendar year but wishes to book in advance for courses the following calendar year, they may do so.

If an organisation has used up its quota of places covered by bursaries, and they wish to attend a course of the same type again, the organisation will need to pay for their course.

Organisations will be asked to state their average income for the last three years (or less if not operational for three years) on their bursary application. Proof of annual income will be required.

UK Bursary level	Descriptor	Annual income
1	Course fees are covered by Battersea. The attending organisation pays all other costs including travel, accommodation, evening meals, daily travel to site etc.	£3.6m-£4.9m
